We doubt he would have been cast as the lead in his high school's musical without the outstanding training at Theatre 360. Thank you!"*

She has gone from fun classes where play and communication are encouraged, to more challenging acting, voice and dance classes where dedication and commitment are expected. I have watched her grow at Theatre 360 not only as an artist but also in her dedication, drive, mentorship of younger performers and self-confidence as an artist. # SCHOOL OF ROCK

THE MUSICAL

## Los Angeles County Premier!

SCHOOL OF ROCK is a brand new musical based on the famous Paramount film written by Mike White, which starred Jack Black. The musical follows Dewey Finn, a failed, wannabe rock star who decides to earn a few extra bucks by posing as a substitute teacher at a prestigious prep school. Completely disinterested in academic work, Dewey decides to create his own curriculum, turning his class into a guitar-shredding, bass-slapping, mind-blowing rock band. The stage musical on Broadway is produced by Andrew Lloyd Webber, who has composed 14 new songs to create a score, which also features all of the original songs from the movie. SCHOOL OF ROCK, with its sensational live kids' rock band, is a loving testimony to the transforming power of music. May the spirit of rock be with you!

## OUR PHILOSOPHY

Exposure to excellence inspires excellence. Working with top names in the business gives our students the opportunity to begin building the kind of relationships that may serve them well as they pursue their dreams. Our success and the success of our students sets us apart from other children's theatre companies. Theatre 360 alumni are creating a name for themselves by getting into top colleges, beginning amazing careers, and gaining the respect and maturity in their community to succeed in their goals. There are many excellent children's theatre companies that are only production based; Theatre 360's philosophy is different. We encourage your child to grow not only on stage but also in knowledge and dedication in class. The training and technique that we teach in class is the foundation for how students develop and discover their skills and confidence. Rehearsals and performances are an opportunity for the students to sharpen those core techniques they learn in our classes and camps, allowing them to apply their new talents and become vibrant performers.
